

How to Interpret the Global Standard for Food Safety 2 Days

This **NEW** course, previously called “How to Implement the Global Standard for Food Safety Issue 5” has been completely revised with all new material and new emphasis on important aspects of interpreting the Standard. Attendance at this course will allow delegates to gain an in-depth and practical understanding of the Standard's requirements, understand how certificated evaluations against Issue 5 Standard operate, and how evaluations are conducted.

COURSE CONTENT

- How Certification Bodies work and their relationship with the BRC
- Scope and Structure of the Standard
- The protocol and certification process
- Interpretation and guidelines
- An in-depth review of the Standard's requirement clauses
- Dealing with non conformities
- Report writing
- Interactive workshops with case studies

There is a written examination at the end of the course.

BENEFIT TO YOU AND YOUR BUSINESS

- Gain an understanding of the section on “How to Gain Certification” which includes vital aspects and demands for Certification Bodies, Auditors and Manufacturers
- Gain an in-depth and practical understanding of the Standard's Requirements
- Formally develop and implement a documented system to comply with the Standard's requirements
- Gain confidence in auditing and report writing
- Understand how certificated audits against the Standard operate and how audits should be conducted

PREVIOUS KNOWLEDGE

An understanding and working knowledge of quality management systems and hazard analysis would be an advantage but not essential.

WHO SHOULD ATTEND?

- System auditors, implementers and users
- Quality and Technical Managers
- Sector consultants & Certification Body Auditors

LOCATION:

Cork, Dublin, Dundalk

PRICE

€ 800
